

How to Use

1. Turn the Funnel Handle to position the Pedal to block the cereal to fall down. Put a bowl under the Funnel. Uncover the PC Container and fill it with cereal. If necessary, adjust the Pedal to make sure the cereal completely blocked and then remove the bowl - the Dispenser is ready for serving.
2. For serving, put a bowl under the Funnel and turn the Handle to 60 degree (1 division of the pedals) or to 120 degree (2 divisions of the pedals). Make sure the cereal is

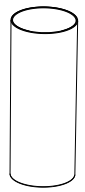

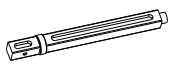

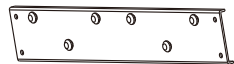

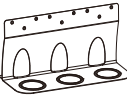

How to Clean / Maintenance

1. Cover / PC Container: Wash the Cover and PC Container with warm water and mild detergent. Rinse them with clean water and dry with soft cloth. (Remark: if the PC Container needs to be taken out for cleaning after use, hold the bottom of the Funnel with one hand and pull up the PC Container with another)
2. Funnel / Pedal: With clean and damp cloth, wipe the Funnel. Turn the Handle and clean the divisions of the Pedal one by one. Dry them with soft cloth. If the cereal leftovers stick to the Pedal and are not easily cleaned, disassemble the Funnel and Pedal and wash them individually as below (For washing method, please see 1. as above).
Unscrew the Handle ➡ Pull out the Shaft ➡ Take out the Funnel and Pedal
3. For stubborn stains stuck to the stainless steel or light discoloration, use non-abrasive cream cleaners with soft calcium carbonate additions or light ethyl alcohol.

Trouble Shooting

1. Problem: The Pedal is slanting and can't block the cereal.
Solution: Check if the shaft slips. Fix it if so.
2. Problem: The parts are broken or damaged by accident.
Solution: Contact your local distributor.
